Arlington, VA 22202

Dear Sir:

This is in response to the Official Communication mailed March 12, 2002, concerning errors in the previously submitted computer readable form (CRF) of the Sequence Listing.

The Sequence Listing Error Report indicates that the intentionally skipped sequences (SEQ ID NOS: 6, 9, 18, and 19) are not properly formatted.

In accordance with 37 C.F.R. §1.821, a computer readable form (CRF) and written Sequence Listing for the above-captioned application are submitted herewith. Applicants request entry of same into the specification. For the intentionally skipped sequences, only fields <210> and <400> are utilized.

It is respectfully submitted that the information recorded in CRF is identical to the written sequence listing, and that the sequence listing does not contain new matter.
